ADAPTIX™ SAFETY HELMET

**Built for the job.
Customized for your team.**

Bullard accessories are designed to integrate seamlessly with the Adaptix safety helmet, working the way your team works. From easy-to-use attachments that adapt with the job, to options that help identify and unify your workforce, Bullard makes it simple to outfit your team with protection that fits your needs.

**MOST
POPULAR**

Pivoting Eye Protection

Eye protection that integrates seamlessly with your Adaptix Safety Helmet. Mounts easily to the helmet and rotates down to help protect the eye area. Features removable nose guard. Available in clear and tinted options.

Hearing Protection

Mounts securely to the Adaptix Safety Helmet, this protective earmuff features a 24 NRR rating, soft-seal ear cushion, and low-profile arms.

FlexBrim™ Removable Brim

Upgrade your Adaptix Safety Helmet with FlexBrim, available in 10 mix and match colors to offer easy visual identification and shade. Flexes to accommodate tight spaces.

FlexBrim Removable Brim

Brim on. Brim off. Convert your Bullard Adaptix Safety Helmet into a full-brim style in seconds. Mix and match colors.
