

⚠ WARNING

IN ACCORDANCE WITH TITLE 42, PART 84, USE OF UNAPPROVED REPLACEMENT PARTS ON NIOSH APPROVED RESPIRATORS VOIDS NIOSH APPROVAL.

By using unapproved replacement parts (such as HELMETS, SUSPENSIONS, INNER OR OUTER LENSES, CAPES, BREATHING TUBES, FLOW CONTROL DEVICES, AND AIR SUPPLY HOSES on NIOSH Approved respirators), the end user/employer is in violation of OSHA requirements and is subject to citation by OSHA enforcement officers. Furthermore, by voiding NIOSH approval, the end user/employer jeopardizes the protection and integrity of the respirator system, and assumes liability for any problems that occur from use of the respirator.

To be assured you are using a NIOSH approved Bullard respirator system, you must use only Bullard replacement parts. The diagrams below illustrate how easy it is to identify approved Bullard replacement parts. **FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN DEATH OR SERIOUS INJURY OR DELAYED LUNG DISEASES INCLUDING BUT NOT LIMITED TO SILICOSIS, PNEUMOCONIOSIS OR ASBESTOSIS.**

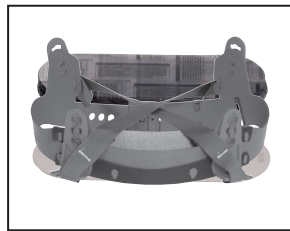

88VX Helmet

Bullard name molded into outer door on helmet.

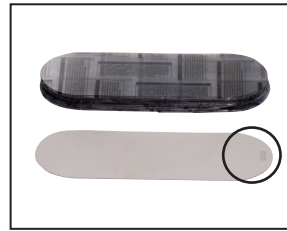

88VX Helmet Suspension

Bullard name molded into 88VX suspension.

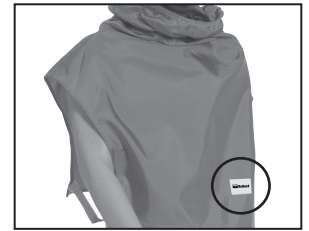

Inner and Outer Lenses

Bullard name and part number stamped on lens.

Capes

Bullard name patch sewn on the inside and outside of every cape.

88VX Breathing Tube

Bullard name and Bullard Part Number 88VXBT molded into 88VX breathing tube.

Flow Control Devices

Identified by labels attached to the device.

Air Supply Hoses

Bullard name printed along the entire length of the hose, stamped onto the crimped end of the fittings, and on label.
