

EBH Backpack

Technical Specifications

It Starts With Comfort

Bullard has you covered with the all-new EBH Backpack (EVABKPK2). EBH Backpack distributes the weight of the EVA/EVAHL PAPR providing ultimate comfort and maneuverability while you're sitting, standing, or on the go.

Part Number	Description
EVABKPK2	Backpack only (must be paired with belt)
EVABH1	Backpack with EVABELT1 Belt
EVABH2	Backpack with EVABELT2 Belt

The versatile design allows the backpack to be worn traditionally on your back... or on your chest (with longer breathing hose).

www.bullard.com

Unique X-straps keep backpack in place on shoulders and allow airflow to pass under inner bib and into coveralls for full body airflow.

2-point straps distribute weight, reduce pressure points over long shifts, and do not restrict shoulder movement.

Expand diameter of EVABELT1 or EVABELT2 belt with belt extension (EVAEXT1).

Works with belt (EVABELT1 or EVABELT2) to secure EVA/EVAHL PAPER to body and keep weight off hips.

Polyester webbing with a TPU coating for strength, durability, and cleanability.
