

Belts & Backpacks

EVABELT1

Closed cell foam comfort belt (adj. 28" – 60")

EVABELT2

Vinyl coated urethane decon belt (adj. 28" – 60")

EVAEXT1

Vinyl coated urethane extension belt (11") for EVABELT1 & EVABELT2

PAPRSUSP1

Suspenders for EVABELT1 & EVABELT2

EVABKPK1

Backpack

Dustcovers & Prefilters

PAPRPF2

PAPRPF2 Prefilter cover for PAPRFC4 & PAPRFC5 cartridges

PAPRPF2

Prefilter for PAPRFC4 & PAPRFC5 cartridges. Use with PAPRCOVER2

EVADCQC1

DuPont® Tychem® 2000 QC dust cover for belt-mounted units with PAPRFC3 Filter

EVADCQC2

DuPont® Tychem® 2000 QC dust cover for belt-mounted units with PAPRFC4 & PAPRFC5 Cartridges

EVADCFR1

DuPont® Nomex® Fire/Spark resistant dust cover for belt-mounted units with PAPRFC3 Filter

EVADCFR2

DuPont® Nomex® Fire/Spark resistant dust cover for belt-mounted units with PAPRFC4 or PAPRFC5 Cartridges

EVABPDCFR1

DuPont® Nomex® Fire/Spark resistant dust cover for backpack mounted units with PAPRFC3 Filter

Shower & Storage Caps

PAPRSC2

Shower cap for PAPRFC3 filter – 3/pk

PAPRSC3

Shower cap for PAPRFC4 or PAPRFC5 cartridges – 3/pk

EVACAPBLK

Vinyl storage cap for EVA – 3/pk

PAPRFC4ICP

Vinyl storage cap for inlet PAPRFC4 or PAPRFC5 cartridges – 3/pk

PAPRFC4OCP

Vinyl storage cap for outlet PAPRFC4 or PAPRFC5 cartridges

PA1AFI

Air Flow Indicator for Hoods with EVA or EVAHL

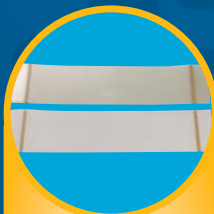

PA4AFI

Air Flow Indicator for Masks with EVA

Air Flow Indicators

Lens Covers

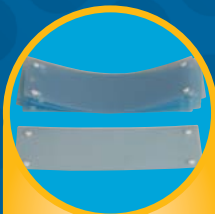

20LCL

Mylar®, antistatic, self-adhesive lens covers for CC20 Series hoods – 25/pk

RTLC

Mylar®, antistatic, self-adhesive lens covers for RT Series hoods – 25/pk

MB1

0.02" PETG lens covers for GR50 Series hoods – 10/pk

GRHOL1

0.04" Polycarbonate lens covers for GR50 Series hoods – 10/pk

20LC

Mylar®, antistatic, self-adhesive lens covers for GR50 Series hoods – 25/pk

7714

Mylar®, antistatic, rectangular self-adhesive lens covers for GR50 Series hoods – 25/pk

LC

Mylar®, anti-static self-adhesive lens covers for Spectrum Series® – 25/pk

FEEL the FLOW

EVA PAPRs offer the highest tested airflow in the industry for cooling comfort.

EVA
EVOLUTIONARY AIR

EVA^{HL}
EVOLUTIONARY AIR

DUAL FLOW DESIGN

Two-speed blower operation, EVA Powered Air-Purifying Respirators (PAPRs) offer the highest tested airflow with settings for 7 cfm (198 lpm) and 8.5 cfm (240 lpm). EVA delivers the proper airflow for workers to be safe, comfortable, and productive.

ACTIVE FLOW TECHNOLOGY

Active Flow Technology automatically adjusts the blower's speed to ensure that workers have a consistent airflow through their work shift regardless of filter type, hood type, battery capacity, or filter loading. Two speed settings let workers choose their airflow for maximum comfort.

VISUAL FUEL GAUGE

The easy-to-read fuel gauge displays remaining battery capacity at a glance. Wearers can check battery status at any time while using EVA.

INTEGRATED ALARMS

Three distinct audible alarms notify wearers of low battery, low air flow, or high temperature limits.

DURABILITY

EVA is powered by a long-lasting 10,000-hour brushless motor. Unlike other motors that can quickly wear out, this durable brushless motor is designed for long-term reliable use.

SINGLE FILTER DESIGN

EVA offers a single filter for easy use. While other manufacturers' PAPRs may require up to three filters, EVA makes it simple and helps to reduce accidental mismatching of cartridge types.

HAZARDOUS LOCATION RATING - EVAHL

EVAHL includes all the features of EVA and is CSA certified to meet OSHA standards for use in Class I, Division 2 (Groups A, B, C, D), Class II, Division 2 (Groups F, G), and Class III electrically rated hazardous locations.

Head Tops

20LF Series

APF 25. Loose Fitting Facepiece. Lightweight, comfortable protection with built-in head suspension and overhead airflow. Latex free. DuPont™ Tychem® 2000 (QC) protection. Fit testing not required. Use with Breathing Tubes PA20LFBT, PA20LFBTXS, or PA20LFBTXL.

CC20 Series

APF 1000 Double Bib Models. APF 25 Single Bib Models. Third Party validated to the highest NIOSH protection level for non-SCBA. Fit testing not required. Hard hat model available. DuPont™ Tychem® 2000 (QC) and 4000 (SL) splash protection options. Reusable, ratchet adjustable head suspension. Use with Breathing Tubes, PAHBT, PAHBTXS, or PAHBTXL.

RT Series

APF 1000. 3rd Party validated to the highest NIOSH protection level for non-SCBA. Fit testing not required. Suspensionless over-the-head airflow with large panoramic field of view. DuPont™ Tychem® 2000 (QC) and 4000 (SL) splash protection options. Use with Breathing Tubes PAHBT, PAHBTXS, or PAHBTXL.

GR50 Series

APF 1000. 3rd Party validated to the highest NIOSH protection level for non-SCBA. Fit testing not required. Heat and flame resistant DuPont™ Nomex® protection for grinding and metal working with soft cotton inner bib. Hard hat compatible. Reusable, ratchet adjustable head suspension. Use with Breathing Tubes PAHBT, PAHBTXS, or PAHBTXL.

Spectrum Series® Full Facepiece

APF 1000. Tight-Fitting. Optically correct with ANSI/ISEA Z87.1, Non-Impact Rated Face Protection. Silicone construction and double flanged for comfort and fit. Use with Breathing Tube PA4BT.

FAMB2 Series

APF 50. Tight-Fitting Half-Face Mask. Low profile to fit under faceshields, visors, and welding helmets. Soft, flexible silicone construction. Use with Breathing Tube PAFAMBT.

SparxLift Series

APF 1000. 3rd Party validated to the highest NIOSH protection level for non-SCBA. Fit testing not required. ANSI/ISEA Z87.1, Z87+ Impact-Rated Protection, 1/25,000 second flash protection, and IR and UV filters. Use with Breathing Tubes PAHBT, PAHBTXS, or PAHBTXL.

Filters & Cartridges for EVA & EVAHL

PAPRFC3

High Efficiency Particulate Air (HEPA) protection. >99.975% removal of particles at 0.3 μ . Inert, fiberglass construction. 10-year shelf life unopened.

PAPRFC4

Combination cartridge with HEPA, Organic Vapor (OV) and Acid Gas (AG) protection. Chromium-free activated carbon. 5-year shelf life unopened.

PAPRFC5

Combination cartridge with HEPA and protection against Ammonia, Formaldehyde, Methylamine, Chlorine, Chlorine Dioxide, Hydrogen Chloride, Hydrogen Fluoride, and Sulfur Dioxide. 5-year shelf life unopened.

Calculate PAPRFC4 cartridge End-of-Service-Life for several hundred common industrial chemicals. Download for free from www.bullard.com.

Chargers & Batteries

EVABAT1

EVA high-flow battery for use with hoods and loose-fitting facepieces. Li-Ion Rechargeable. (Black)

EVABAT2

EVA battery for use with masks and tight-fitting facepieces. Li-Ion Rechargeable. (Green)

EVAHLBAT1

EVAHL high-flow battery for use with hoods and loose-fitting facepieces. Li-Ion Rechargeable. (Black)

EVASMC

EVA Single Battery Charger

EVAGC

EVA 6-Port Gang Charger

EVAHLSMC

EVAHL Single Battery Charger

EVAHLGC

EVAHL 6-Port Gang Charger
