

Wildfire® Series Fire Helmet

The leader in wildland firefighting.

Wildfire Series fire helmets are designed Bullard Tough for extreme conditions of wildland firefighting. FH911 Wildfire Series helmets feature a comfortable suspension for long wear and the option of an extra-large full-brim shell for maximum airflow and fit. Available in white, red, yellow, dove grey, black, orange, blue, lime-yellow.

Key Features:

- **Tough, lightweight, and durable.** The shell of the Wildfire helmet is made of high-heat thermoplastic.
- **NFPA certified.** Certified to NFPA 1977-2022.
- **Versatile.** Wildfire helmets are available in cap and full-brim hat styles, plus an XL version.
- **Superior comfort and fit.** Designed with a customizable fit and comfortable suspension.

Wildland Fire Helmet Options

FH911XL Full-Brim Helmet

Now with Goggle Access Points!

Choose the extra-large full-brim FH911XL to help accommodate a wide variety of head shapes. Easily thread goggle straps through the brim of the helmet to help reduce gapping, pulling and snagging.

FH911HR Full-Brim Helmet

The preferred traditional look and feel style wildland helmet. Featuring a tough and durable full-brim helmet. The standard helmet in wildland firefighting.

FH911CR Cap-Style Helmet

Same toughness and durability as the FH911HR. Features a cap style giving a streamlined and low profile look while offering the same protection as the FH911.

New Options for Today's Firefighter

NEW Goggle Access Points:

Now available, choose the extra-large full-brim Wildfire helmet (FH911XL) to take advantage of the new Goggle Access Points.

- Goggle straps fit closer to the face for a more secure fit.
- Goggle Access Points help reduce gapping, pulling and snagging.
- Designed to easily thread goggle straps through the brim of the helmet.

NEW Ear Neck Protection:

Now with updated protection and improved fit. The updated Ear Neck Protector (R224) offers enhanced coverage of the face and a fit designed to better conform to the wildland firefighter's needs.

Superior Comfort and Fit:

Designed with a customizable and comfortable suspension, this helmet offers wearers:

- Secure suspension attachments;
- Simple headband adjustments for a custom fit;
- Seamless suspension straps;
- Larger replaceable pillowed brow pad; and leather ratchet cover.
- Sure-Lock ratchet.
